ADMISSION STEPS

For priority consideration, all application materials must be postmarked by November 15 for spring 2020 and January 31 for fall 2020.

You are a freshman applicant if you anticipate graduating from high school in this academic year or if you have graduated from high school and have not been enrolled in college after the summer following your high school graduation. Running Start students or students who have completed college while in high school are considered freshmen for admission purposes.

Next Steps

1. Successfully complete the following College Academic Distribution Requirements (CADRs):

   English—four credits*, including at least three credits of composition and literature.

   Mathematics—three credits of college preparatory mathematics (one year of geometry and two years of algebra, including an introductory component of trigonometry). Additional mathematics is strongly recommended.

   Senior Year Math-Based Quantitative Course—one credit in a math based quantitative course during senior year must be earned. This can be met in a variety of ways.

   Science—two credits of laboratory science, including one credit of algebra-based science (typically chemistry or physics, though school districts may designate other courses).

   World language—two credits of a single world language, Native American language, or American Sign Language.

   Social Science—three credits.

   Arts—one credit in fine, visual, or performing arts or an additional credit in one of the courses listed above.

   *one credit = one year

   More information on courses that meet admission requirements is available on the Washington Student Achievement Council (WSAC) website at cadr.wsu.edu.

2. Complete your application and send it to the address on the next page.

   Please send your completed application by mail. The Office of Admissions address for the campus to which you are applying can be found on the next page of the admission application form.

3. Send your transcripts and test scores.

   Send a copy of your high school transcript to the Office of Admissions if you are still in high school. Otherwise an official high school transcript is required. Addresses for the Offices of Admission at the WSU campuses are on the next page. We cannot accept any transcripts sent by email. To receive college credit for duel-credit programs such as Running Start, College in the High School, other college courses, and AICE/AP/IB/CLEP examinations, you must also request those official transcripts or scores be mailed directly to the Office of Admissions. If you are applying while in high school, you must maintain a satisfactory record and complete graduation before enrolling at Washington State University. Have your SAT or ACT scores sent directly from the testing agency. All WSU campuses use the same code for the SAT (4705) and the ACT (4482). Please note: a final official transcript showing date of graduation will be required at completion of the senior year.
