ADMISSION STEPS

For priority consideration, all application materials must be postmarked by November 15 for spring 2020 and January 31 for fall 2020.

You are a transfer student if you are not currently in high school and you attended a college or university after your high school graduation (not including the summer immediately following your graduation). If all of your college work was completed while in high school, please use the Freshman Application.

Next Steps

1. Complete your application.

Applications are considered on the basis of the work completed as posted on your official transcript at the time of application.

2. Send your transcripts.

WSU requires official transcripts from every institution of higher education you have attended. Request that official, sealed transcripts from all colleges or universities you have attended be mailed directly to the Office of Admissions at the campus to which you are applying. Addresses can be found on the next page of the admission application form. You must report ALL colleges or universities you have attended, regardless of whether you wish to receive credit for work completed at those institutions.

3. Meet departmental admission requirements.

Once you are admitted to the University, you may need to meet additional requirements to be admitted to selected majors. Consult the online catalog at catalog.wsu.edu for specific departmental and program requirements. Some departments’ application deadlines are earlier than the University's priority deadlines listed above. Please visit academics.wsu.edu for more information.

4. See how your credits transfer.

Become familiar with the University's Transfer Course Equivalency Guide located at transfercredit.wsu.edu.

If you have completed a Direct Transfer Agreement (DTA) associate degree from a Washington community college, including a course pattern that approximates the University Common Requirements (UCORE) for graduation from Washington State University, you will be considered to have fulfilled the lower-division University Common Requirements for graduation and will generally be given junior standing.

For more information on transferable degree programs, go to transfer.wsu.edu and click ‘Transfer Your Credits’ then on ‘Overview’.
FOR TRANSFER ADMISSION

This application has been specifically designed for undergraduate transfer students. You are a transfer student if you are not currently in high school and attended college or university after your high school graduation (not including the summer immediately following your graduation). If all your college work was completed during your high school experience, please use the Freshman Application. Please note, applicants can apply to only one WSU campus per application cycle.

If you plan to attend Washington State University with an international student visa, you should complete the international application. All applications can be found at apply.wsu.edu. Online applications preferred.

YOUR COLLEGE EXPERIENCE

Educational Background

Washington State University requires official transcripts from every institution of higher education attended. You must list ALL colleges or universities you have and/or are currently attending, regardless of the type of school, whether you believe any credit will transfer, or how many credits, if any, you’ve earned.

Begin with your current or most recent institution and include college credit completed during high school, if applicable.

Failure to fulfill this reporting requirement may result in adverse consequences, such as denial of enrollment, revocation of admission, delay or denial of financial aid and/or denial of transfer credits. Additionally, intentionally omitting or falsifying information in an application for admission is a violation of the WSU Standards of Conduct for Students and may result in additional penalties; including, but not limited to, suspension, expulsion and/or revocation of a degree awarded from WSU. WSU reserves the right to verify any of this information with the appropriate entity.

Please note if you have listed the incorrect dates of attendance for institutions attended in the past, your application may be delayed and further information may be required. Please contact institutions you’ve previously attended to ensure you have the correct dates of enrollment.
