Master of Business Administration
Why get your MBA at WSU Vancouver?

LOOKING TO ADVANCE YOUR CAREER?
Make your next step an MBA degree at Washington State University Vancouver.

You can’t beat the value, convenience and personal attention you’ll get as an MBA student at WSU Vancouver. Here you’ll find classes that fit your schedule, close personal interaction with faculty and other students, and opportunities for community engagement—all at a far lower cost than that of other AACSB-accredited programs in the region.

AN MBA DEGREE:
- Opens doors for countless opportunities in the nonprofit, public and private sectors
- Positions you for promotions and leadership roles
- Provides relevant, hands-on experience through projects and internships
- Qualifies you to pursue new career paths
- Expands your personal and professional network

Tailored to meet your needs
You’ll get the greatest possible value from your investment of time and money at WSU Vancouver. Our MBA program is designed to meet the needs of working professionals. The program is:

- **COST-EFFECTIVE.** You’ll benefit from the value of an MBA degree while spending much less than you would at another school in the region.
- **CONVENIENT.** Classes fit your schedule, with full-time or part-time evening course offerings.
- **EXPERIENTIAL.** Small, interactive classes, engaged faculty and experienced students and professionals provide a great learning environment.
- **PERSONAL.** You can choose to have a professional mentor.
- **PRACTICAL.** Apply what you learn in class today at the office tomorrow.

YOUR TOOLBOX
You’ll acquire the tools to succeed as a business leader:
- Analytical skills
- Innovative and entrepreneurial thinking
- Communication skills
- The framework to strengthen relationships with partners, investors, shareholders, employees and customers
- Knowledge of how your business relationships can give you a competitive edge
Your future

An MBA degree opens doors. Our graduates can qualify for careers in engineering, production, sales, marketing, finance, accounting, government agencies and many others. They discover opportunities wherever they want to go—in the Pacific Northwest or around the world.

Here are a few places where our graduates have found work.

The Boeing Company – Project Manager
Clark Public Utilities – Director of Customer Service
Hewlett-Packard – Marketing Business Manager
3M – Global Account Position
City of Ridgefield – Finance Director
Intel Corporation – Program Manager
Legacy Health – Director of Compensation and Benefits
Nautilus – Senior Business Systems Manager
Port of Vancouver – Executive Director
Riverview Community Bank – Vice President and Assistant Controller
SafeTec – Chief Technology Officer
Sage Software – Regional Sales Manager

And that’s just for starters!
Degree curriculum

The time it takes to complete a degree depends on prerequisites, but most students take from one to two-and-a-half years. With a variety of classes to choose from, you could earn your degree part-time in as little as two years, or a "fast track" degree full-time in as little as one year. The curriculum includes foundation, core and elective courses.

**MBA Foundation Curriculum**

**Do you have an undergraduate degree in another field?**
We offer short-course foundations for all prerequisite courses in:

- Financial and Managerial Accounting
- Business Law
- Micro and Macro Economics
- Operations Management
- Principles of Finance
- Principles of Marketing
- Statistics

**Core**

Finish in as little as a year by completing the core and elective curriculum.

- Accounting, Performance Measurement
- Business Analytics
- Financial Management
- Managerial Leadership and Productivity
- Marketing Strategy
- Experiential Capstone
- Strategy Formulation and Organizational Design

**Electives**

Tailor your MBA by choosing three electives in the concentration areas of:

- Finance
- International Business
- Marketing
- Stakeholder-focused Leadership
- Taxation
